COLOP e-mark

The e-mark is an electronic and mobile (battery-powered) marking device to create and change own imprints and print them by an easy sideways movement. Operated through an App on a mobile device or stationary computer, almost unlimited imprint designs, ready-to-use templates and special features are available.

Art.nr	Modell
00000	Black
00001	White

COLOP e-mark protective case

The compact and lightweight case protects the e-mark against scratches, splash water and other external impacts.
